Accessible Recreation in the Missoula Area - North

Outdoor recreation is an important part of many people’s lives and can be enjoyed by almost anyone given the right tools. This map was created to assist Montanans and out-of-state visitors, with and without disabilities, in finding the many accessible outdoor recreational activities available in the areas surrounding Missoula.

Additional information about all recreation sites featured on the map, including site management, directions, GPS data, and interactive user comments can be found at: http://recreation.ruralinstitute.umt.edu

About MonTECH
MonTECH specializes in Assistive Technology (AT) and disability-related issues and oversees a variety of projects to achieve the goal of providing a comprehensive, statewide system of AT-related assistance. We strive to ensure that all Montanans with disabilities have access to assistive technology devices and services in order to enhance their independence, productivity, and quality of life. MonTECH is a program within the University of Montana Rural Institute. MonTECH’s activities and services include information and assistance, demonstrations, and short-term loan of recreational/assistive technology devices. To learn more about our progress and access to recreational/assistive technology information and services, please call (800) 338-2432 or visit our website http://montech.ruralinstitute.umt.edu.

About DBTAC Rocky Mountain ADA Center
This center is one of ten regional Disability and Business Technical Assistance Centers (DBTAC) nationwide established by the U.S. Department of Education. The Center focuses on Disability and Rehabilitation Research (NIDRR) to provide information, training, and technical assistance to employers, people with disabilities, and other entities with responsibilities under the Americans with Disabilities Act (ADA). The Rocky Mountain ADA Center serves Montana, Colorado, Utah, Wyoming, North Dakota, and South Dakota and is a comprehensive resource on ADA issues in employment, public services, public accommodations, and communications. For more information about the Rocky Mountain ADA Center, please call (800) 939-4232 or visit their website at http://www.adainformation.org.

The information for each site on this map was accurate as of its printing date. Be aware that conditions can change suddenly due to weather or a variety of other circumstances. Please verify conditions before you travel, be knowledgeable of the inherent risks associated with outdoor recreation, and be prepared for emergency situations. You are responsible for your own safety and well-being. Keep yourself well-informed, engage in proper training for the activities you are participating in, and safe yourself with proper outdoor recreation equipment. For possible updates to site information and user comments, please visit: http://recreation.ruralinstitute.umt.edu
